

Acknowledgements

Our activities are supported by “Coastal Area-capability Enhancement in Southeast Asia” Project, Research Institute for Humanity and Nature (RIHN, Project No.14200061).

We would like to thank Mr. Yuzo Abe of FUSION Inc. for their technical support and Dr. Kazuo Amakasu of Tokyo University of Marine Science and Technology for his theoretical advice. Thanks to Mr. Soichiro Matsushita (currently belonging to Honda Electronics Co., Ltd.) who vigorously conducted the experiment.
